

HIKMATULLAH

Full-Stack Developer | Software Engineer | Java & Web Specialist
Quetta, Pakistan | hikmatullah3997@gmail.com | +92 340 8729488 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Full-stack developer with 2+ years of hands-on experience building and maintaining production software systems. Proficient in Java, JavaFX, Node.js, and modern web technologies, with a track record of delivering desktop business management applications, AI-powered tools, and customer-facing platforms. Experienced working in remote, cross-cultural team environments. Currently completing a Bachelor of Software Engineering with a strong GPA.

TECHNICAL SKILLS

Languages	Java, JavaScript (ES6+), HTML5, CSS3, SQL, Bash
Frameworks	Node.js, Express.js, JavaFX, Vue.js
Databases	MySQL, Database Design & Optimisation
Tools & Platforms	Git, GitHub, VS Code, IntelliJ IDEA, Postman, Linux
AI / Data	NLP, LLM API integration (Claude/Anthropic), Data Analytics, DSA
Other	REST API design, client-server architecture, software contracts, agile workflows

EXPERIENCE

Frontend & Backend Developer | *QUICK UP (Remote, UK)* 2023 – 2024
roll-king-web project — Vue.js, Node.js, Git

- Contributed to the development of the roll-king-web platform under the QUICK UP GitHub organisation.
- Built and maintained Vue.js frontend components and Node.js backend modules.
- Resolved complex Git rebase conflicts across multiple feature branches in a collaborative remote team.
- Coordinated with colleagues including cross-functional team members on task delivery and version control.

AI Engineering Intern | *Software House (Remote)* 6 months — 2024

- Designed and developed an AI-powered rider assistant chatbot using Claude Haiku (Anthropic API) for natural language intent parsing.
- Built the backend with Node.js, Express.js, and MySQL; implemented prompt caching strategies to optimise cost and latency.
- Researched and benchmarked LLM providers (cost per token, latency, capability) to inform architecture decisions.
- Contributed to the Profit Edge project, resolving version conflicts across backend and frontend repositories.

Software Developer (Freelance Contract) | *Private Client — Multiple Businesses* 2023 – Present

- Signed and delivered a formal Software Development and Maintenance Contract covering three business management systems.
- Designed and built desktop applications in Java and JavaFX tailored to the client's operational workflows.
- Providing ongoing maintenance, feature updates, and technical support across all three systems.
- Managed full project lifecycle: requirements gathering, development, testing, deployment, and documentation.

KEY PROJECTS

AI Chatbot |

2024

- Developed a trainable AI chatbot capable of learning from user-uploaded documents, books, and knowledge bases.
- Built a web-based interface using Node.js and JavaScript; applied NLP concepts for query handling and data retrieval.

Customer Support Platform — ShiftSmart |

2023

- Built a customer support platform (HTML, CSS, JavaScript, Node.js, SQL) serving global clients via chat and call handling.
- Consistently maintained high satisfaction ratings through efficient issue resolution in a fast-paced environment.

EDUCATION

Bachelor of Science in Software Engineering | *BUIITEMS, Quetta*Aug 2022 – Expected Aug 2026

GPA: 3.45 / 4.0

- Relevant coursework: Data Structures & Algorithms, OOP (Java), Computer Networks, Database Systems, Software Engineering Principles, Machine Learning (Introductory).
- Academic projects: BFS Visualiser, Java Client-Server App, Full-Stack Web Project with Database Integration.
- Studied Discrete Mathematics (set theory, logic, relations, functions) and Embedded Systems (8051 microcontroller).

Intermediate in Computer Science (ICS) | *Post Graduate Science College, Quetta*Completed 2022

Marks: 80% | Major Subjects: Computer Science, Mathematics, Physics

CERTIFICATIONS

- Advanced Data Analytics — Google
- Web Development (HTML, CSS, Node.js, JavaScript, SQL) — Apna College
- Data Structures and Algorithms — Apna College

ADDITIONAL INFORMATION

Languages	English (Professional), Urdu (Native), Pashto (Native)
Interests	Software architecture, AI/ML applications, open-source development
Hobbies	Coding, Boxing, Reading tech books
